

Dear North Carolina Humanities Council Grant Recipient,

As an additional opportunity to help the North Carolina Humanities Council share how the humanities and our grants make a positive impact in communities across North Carolina, please complete this printout photography opportunity.

1. Print out the second page of this document (in color if possible).
2. Create a sign by writing on the page (in black marker, Sharpie if possible) either:
 - a. How this grant will specifically help your organization accomplish its mission or project objectives.
 - b. Why the humanities are important to your organization.
3. Be sure to write large and legibly. It will help to limit the number of words (no more than 20).
4. Take a picture of the sign you just created in any or all of the ways below:
 - a. At a recognizable feature of your organization (such as a sign, façade, unique artifact, unique room, etc.).
 - b. With a staff member, volunteer, and/or board member. Please send us the name and title of the person(s) featured.
5. You can print more than one sign, write more than one message, and take more than one picture (in fact, we encourage it!).
6. When done, please upload your photograph(s) to Foundant.
7. We will share these pictures in our program and communication pieces, so please do not send us photos that we are unable to share (for example, due to copyright infringement, the person in the photo does not wish to have their pictures shared on social media, or the photo includes a minor, etc.).
8. You are also encouraged to use and share these photos! If you share the photos on social media, please tag North Carolina Humanities Council @NCHumanities.
